Product Guide

Z11

The Z11 is a feature-rich timekeeping solution that offers employers a wide variety of valuable labor management technologies.

The Z11 offers employers an affordable real-time timekeeping solution (Ethernet-enabled) that also offers the ability to use an employee proximity badge card for recording in/out punches.

Features

- Proximity card
- WebClock optional
- Ethernet punch transmission
- · Wall mount option

- PIN Entry
- Instant feedback
- High durability

PIN or Prox Card

Clock IN/OUT via

Mango Cards

The Z11 utilizes a specific proximity badge card format referred to as "Mango," typically indicated by the Mango logo displayed on the card face.

Solution

Can be integrated into environments where employees are currently using a "Mango" proximity badge to gain access to the building with the existing "Mango-based" proximity system and to clock IN/OUT.
